FORWARD

The Laurelmore Herd has always had a philosophy of breeding, powerful cows, with the capacity to produce large volumes of Milk & combined KG's of FAT & Protein, and type to last. This philosophy has lead to long lasting profitable cows adaptable to any system. The herd has been the winner of numerous large section national herds competitions and is one of the top classified herds in the country, coupled with high profitable milk production off a commercial-based system. Over the last 2 1/2 years there has been 2 Ex 95 cow, 11 EX 94 & 11 EX93 homebred cows.

The Herd is C10 for TB and has never had a reactor.

We wish you the “Best of Luck” with your purchase.

With 50% of the Herd classified EX, we said we would highlight a sample of LAURELMORE Homebred cows that have gone EX 93 or better over the last three years.
